

Ray,
Congratulations on being elected
Vice-President for the coming year.
I want to wish you the best of luck
in your new office and keep a strong
upper lip. You have the brains
and the ability to help a lot
lot next year. Let's see you do it.

Best of luck,
Joe Chetani

Ray - Darling

Ray Vaughan

Congratulations on being
elected Vice President of
S. H. S. Student Body! I
know you'll do a fine
job. Thanks for the
times we had, I really
wish there could be
more, but I guess you
can't see them. Like I
can. Best of luck
next year with your
N. R. O. F. deal I know
you'll make it. Bye
now and be good.

Sincerely,
Rosina

Ray,
Best of luck always
to a swell guy. I know
you will succeed in all
the good work and you will go far.
Henry Giesecke

Ray

Lots of Luck in your
new office and I'll see
you next year in band

Eddie Smith

Ray -
Best of luck as next
year, also on the
football field as well. Keep
the school going for us.
Babe Hallford

Ray,
I hope you have
a nice time in
the future.
Love & support
from all of us

TABLE OF CONTENTS

The theme chosen for the 1958 VALHALLA is the Worshipers of the Sun, The Aztecs.

As citizens of the great state of Arizona, we too are cognizant of the sun and its effect. Our farming industry, the tourist trade, and the great industrial plants of our valley are all dependent on the great source of power, the sun.

Just as the sun played such a vital role in the life of the Aztecs, so the sun plays a vital role in our lives.

Our school life is divided in this annual into four classes of activities: INSTRUCTIONAL, PHYSICAL, ORGANIZATIONAL, and RECREATIONAL, just as the lives of the ancient Aztecs could be classified into these four categories.

DEDICATION

To Mr. Wade Oliver, teacher and coach of Sunnyslope High School, we wish to dedicate the 1958 VALHALLA . . . Notable among his many outstanding accomplishments is the record of coaching our VIKING basketball team to two consecutive Class A North Conference victories . . . On campus Mr. Oliver is highly respected and honored . . . It is with deepest respect and admiration that the staff dedicates this yearbook to Mr. Oliver.

*Best wishes,
Wade Oliver*

INTERNATIONAL

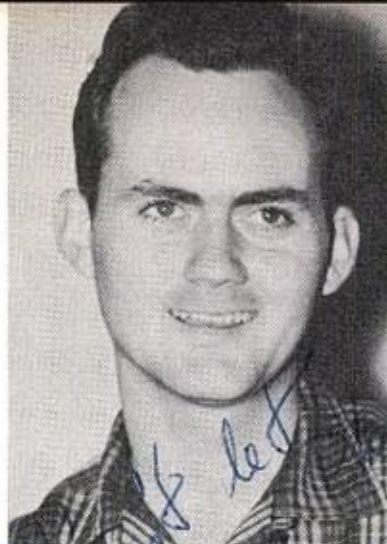

When the Aztecs died they left behind the knowledge of a great civilization. Their intellectual achievements in the fields of astronomy, medicine, and numerical systems show the advancement of their education. For their posterity they left number systems similar to that of the Roman and Arabic numerals. Their ultimate achievement was a perfected calendar 400,000,000 years ago. Their high moral values showed up in their carvings also. Though their narratives were numerous, they proved unselfish in that personal accounts and glories were never accounted for. Through the pages of our book we wish to portray the philosophy and intelligence of the Aztecs in an association with our school.

FOREIGN EXCHANGE STUDENTS

One of the outstanding programs in the life of the students at Sunnyslope High School has been the participation in the American Field Service Foreign Exchange Program. The globe, being observed by Colette and Linda, has been made much smaller through the understanding and friendship afforded to us by these two girls.

Colette is a native of Belgium and is spending the school year, 1957-58, in Sunnyslope High School. Needless to say, we have enjoyed her visit very much; she has become a very intimate part of our school life, endearing herself to all by her unassuming manner, her sense of humour, her interesting conversation and observations, and her cooperation.

Linda, also a part of the AFS Program, played a reverse role to Colette as Sunnyslope's representative to Spain. Linda's experience has also broadened our understanding and appreciation of our foreign neighbors; and we know she was a great ambassador of our school on her trip last summer.

FROM THE EDITOR

Ray,
It's been swell
knowing you this
past year. You're
really going
places. Have fun
in the coming year.
May the good
Lord guide and
keep you.

Fellow Students:

As Editor of the 1958 VALHALLA it is my sincerest wish that this edition shall serve as a treasured link in the memory of an eventful School life. It was for this purpose only that this book was created. Just as the sun was a valued part of the life of the Aztec, I hope that in years to come the VALHALLA will contribute a valued part to your life.

I would especially like to thank David Strand for his contribution as Art Editor to our annual; to Mr. McBee and his excellent Photo Staff, Jim Johnson, Phillip Krum, David Snell, and Betty Ross for their cooperation in taking, printing, and filing our pictures; to the faculty and administration for their tolerance; to Mr. McConnell our sponsor; to Mr. Kempff and Mrs. Griffith for handling the financial end of our production; and to the staff itself, Jim Abraham, Jackie Baker, Colette Van Dorpe, Mike Ferrell, Dennis Gray, Fred Hall, Barbara Johnson, Nancy Krum, Pat McKinley, Jerry O'Callahan, David Strang, and Victor Hone.

I deem it a great honor to have had the opportunity to serve as Editor of the Valhalla. The year has been filled with trials of deadlines, copyreading, typing, planning, taking pictures, and editing; but if in my own limited way, I have contributed to your enjoyment in the future, I shall consider the time and effort profitably spent.

Speaking for the Staff, I would like to wish the Graduating Senior Class much success in their chosen vocations; the future senior classes a happy, successful, and fruitful completion of their education; and the faculty and administration continued success in their associations with the students of Sunnyslope.

Sincerely,

Alita Echard

Editor, 1958 VALHALLA

PHYSICAL

The Aztec game, tlachtli, was chosen to represent the physical facet of our school life. This game of skill, an early ancestor of basketball and soccer, was played 250 years before the era of recorded Aztec history. Elbows, hips and knees were fair play but hands were against the rules when players strove to drive a rubber ball through a ring 24 feet high, 18 inches in diameter. The game drew many spectators but tradition says they all vanished when a point was made because the scoring player became owner of the clothes and jewelry of the audience.

FRESHMAN TENNIS

To depict organizations we chose a scene of sacrifice. Religion, the Indian's main organization, offered to the god, Texcatlipoca, the most intelligent young men of the tribe. Before the year of his sacrifice the young man is preened and taught to walk and talk royally. He feasted and was taught to play the flute. Late in the year he was married to four young women, raised as goddesses for the honor. In the final ritual, the young man broke his flutes, one at a time, as he mounted the temple steps. At the top the priests seized him, tore open his chest, and offered the still throbbing heart to the god. After such a sacrifice the youth's soul ascended to the highest of all Aztec heavens.

COUNCIL

Also to establish an efficient system of student co-operation and participation in the government of S.H.S.; to create loyal and proper school spirit and good sportsmanship among the students in school affairs, and to acquire a higher academic standard to make ourselves better citizens. The Student Council representatives and officers work hard to serve the students to the best interest of all concerned. The Student Council members are elected by the majority vote of the student body to represent them in the Council. They are based on the qualifications of sincere conscientiousness, loyalty to his school and fellow man and the ability to co-operate.

THESPIANS

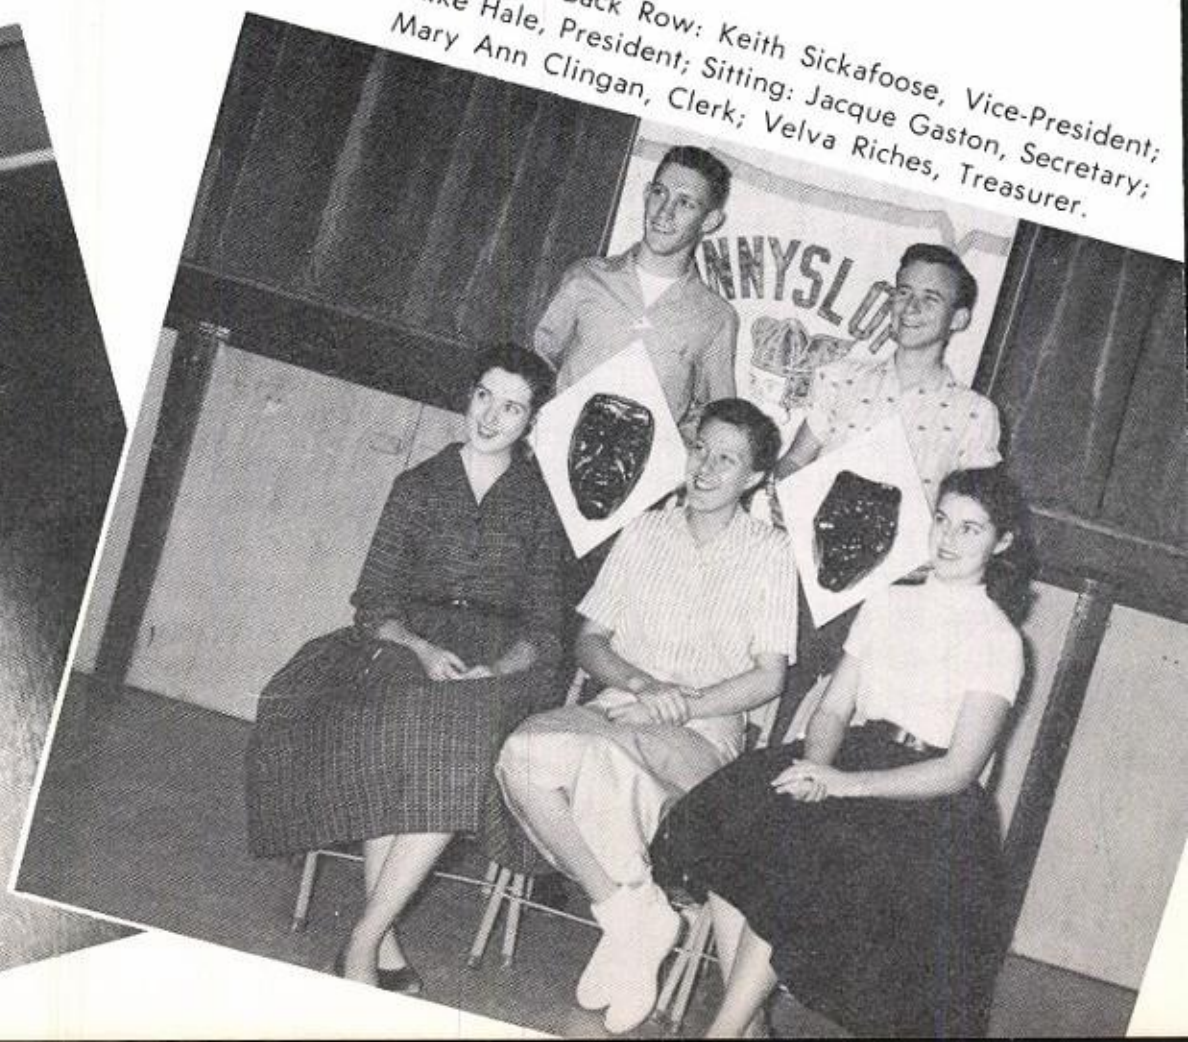

The THESPIANS, a national honor society for students taking part in drama, is one of about 2,000 chapters all over the world.

Students are admitted to the chapter only by invitation based upon participation in drama presentation. The chapter is necessarily small because of the limited number of plays presented during the year, as well as the high qualifications for membership.

YOUTH FOR CHRIST

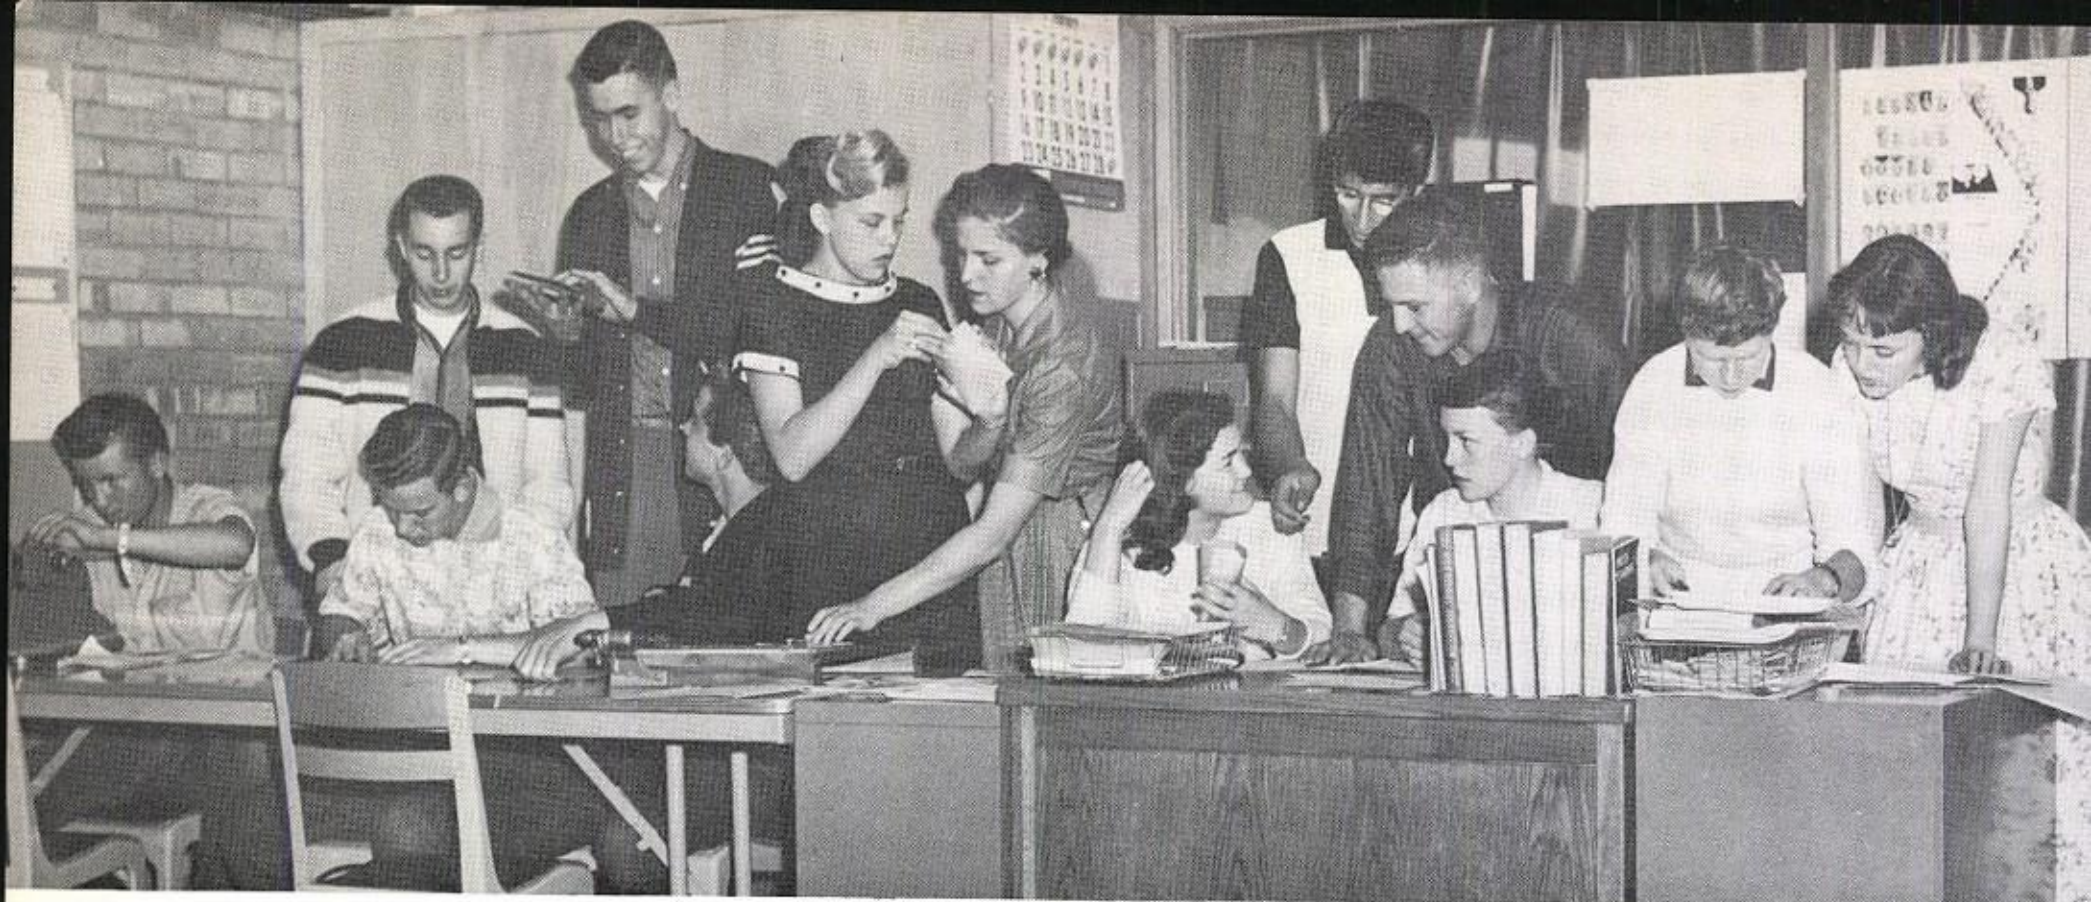

The Sunnyslope High School Bible Club, "Kings Ambassadors of Y.F.C.", is an interdenominational organization. The purpose of our club, which is a branch of Youth for Christ International, is to promote Christian fellowship on campus. Through inter-club activity we hope to bring others to know Christ. We wish to help build spiritual growth through Bible study and quizzes as the teachers hope to bring about intellectual growth through our text books. The Christian fellowship we have among students is for the main purpose of bringing down the rate of juvenile delinquency. Our club meetings, which are held on Tuesday, have the purpose of bringing the Message to the student body. Each meeting is different and interesting, songs, prayers, a guest speaker, and a lively, laughing program are musts for every meeting. Most of the schools in the Valley of the Sun have clubs and often contests are held between our club and one of the others.

Our scene of recreations shows the market place of the Aztecs. Sitting amidst the bustling order of the square is the wood carver, content in whittling a temple decoration and excelling in his chosen field. The market is full of people all going about their business; selling food, flowers, gold, skins, pottery and medicines. Recreation is much like that; we do best what we enjoy doing, whether we play an instrument in an assembly, act in a play or just enjoy dancing.

Just looking in on things.

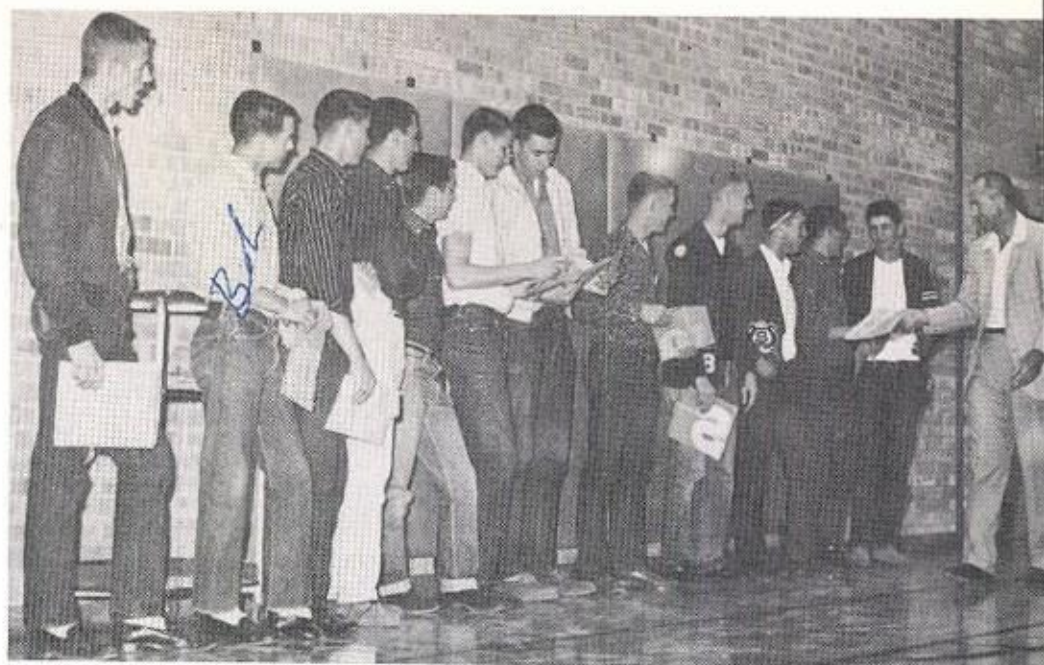

This is the way the operetta goes.

Adele, the rich butcher's widow, was abroad with her husband when she met and fell in love with the Prince of Altruia. When her husband died she became the center of delight and gossip for the whole town. The Prince comes to town incognito in hopes of seeing the Merry Widow. Adele doesn't realize he is there and while she gains more favor with the male population of the town, the Prince quickly becomes the female favorite. In spite of an argument the two finally get together to live happily ever after.
